Coloured Mastic Sealant

Strongdor offers the option for all our doors to be supplied with coloured mastic. This addition offers greater convenience and flexibility for your installation needs.

Silirub LMN

This premium-quality, low modulus neutral cure silicone sealant features a rapid skinning time and quick final cure. It has a thick consistency for enhanced application control. **Available in 4 colours:** Clear, White, Grey & Black. * For use with non fire-rated doorsets only.

Silicone B1 FR

This sealant features a premium-quality, highly elastic finish and a neutral cure formula, delivering exceptional performance. It is certified for use on our fire-rated doorsets. **Available in 2 colours:** White & Grey.
